## DEAR FRIENDS IN 4-H YOUTH DEVELOPMENT,

I am pleased to present the 2010 Wyoming State 4-H Foundation Annual Report. Last year was a very exciting yet challenging year for Wyoming 4-H and the 4-H Foundation. Donations for new college scholarships were received, fund raisers were held, and even more 4-H youth were given opportunities to participate in a variety of project areas than in the past. Donors make all of these things possible, and I would like to thank everyone involved.

The Wyoming State 4-H Foundation continued its commitment to the youth of Wyoming by partnering with donors to help fund many excellent educational activities, one of which is the Wyoming 4-H Showcase Showdown. This event continues to grow in popularity by providing various educational contests, events and activities for youth from across all of Wyoming. It has been held in Riverton for the past three years and will be in Laramie in 2011.

Donors, and their generosity, are the supporting force behind the 4-H program. Without the resources, donated to the Wyoming State 4-H Foundation, the 4-H youth would not be able to take advantage of many of these statewide activities. Thank you to the many donors who have given.

If you or someone you know is interested in supporting Wyoming 4-H as it moves into the future, the Wyoming State 4-H Foundation may be reached at 307-766-2528 or you can contact any of the Board of Directors.

*Steve Mack*

Steve Mack, Director  
Wyoming State 4-H Foundation

Wyoming 4-H continues to provide outstanding educational opportunities for young people in our great state to develop them into our future neighbors, employees, elected officials, and decision makers for our communities. The program continues to grow the number of opportunities available to youth such as trips, competitions, clubs, awards, scholarship, workshops, clinics, camps, plus much, much more. None of which would be possible without the generosity of donors, grantors, businesses, county commissioners, the University of Wyoming and the State of Wyoming. Collectively, we fund these important opportunities for our young people.

We continue to be engaged in helping communities by supporting our youth through education in science, engineering, and technology, global citizenship, and healthy living. Research continues to verify that the youth in the 4-H program perform better in school, are less at risk in their behavior choices, provide more service to their communities, and contribute to their circles of connectivity more than any other youth serving organization. It is a satisfying feeling to know that 4-H is on the right track! We encourage everyone to get involved. Join us!
