DEAR FRIENDS IN 4-H YOUTH DEVELOPMENT,

I am pleased to present the 2012 Wyoming State 4-H Foundation Annual Report. On behalf of the Wyoming State 4-H Foundation Board of Directors, the Wyoming State 4-H Office Staff, and most importantly the thousands of 4-H youth from across Wyoming, a big thank you is extended to all of the volunteers and donors that have given this year. Their time, knowledge, and the monetary donations given to the 4-H Program and the 4-H Foundation have allowed us to expand the educational opportunities for 4-H youth of Wyoming.

The events, contests, and educational opportunities funded by the Wyoming State 4-H Foundation continue to grow and expand in very exciting ways. This past year over 350 participants came to Laramie for the annual 4-H Showcase Showdown, over 620 youth competed at the 4-H State Shoot in Douglas, and nearly 900 4-H youth attended the 100th Wyoming State Fair. These events provide a venue for youth to exhibit their knowledge, skills, and abilities attained through 4-H work. Additionally, the events allow the youth to connect, interact, and create relationships with other youth having similar interests from across Wyoming.

We would like to send out a sincere thank you to all of the current donors. If you are considering a donation, now is the best time to affect the future of the youth in Wyoming. If you know someone that is interested in youth and youth education and would like to make a difference, please tell them the possibilities in Wyoming 4-H. Together we can make "The Best Better" and allow our 4-H youth the opportunity to become caring, competent, and contributing members of our society.

Steve Mack

Steve Mack, Director
Wyoming State 4-H Foundation

In the fall of 1913, the Wyoming 4-H program was established through humble beginnings when youth from across the state mailed in a post card to show their interest for learning more about agricultural crops and home economics. The first State 4-H Program Leader, Ivan Hobson, knew that visiting those young people, sharing the latest information, and helping them learn and grow together would make a positive difference. He was not wrong. 100 years later the program is still educating youth who have the opportunity to choose from a vastly expanded and diverse listing of project areas including aerospace, robotics, and photography. More importantly, members enrolled in the Wyoming 4-H program have chosen to participate in something that will impact them and their communities for years to come.

In 2013, the Wyoming 4-H Program will celebrate 100 years of making a difference in the lives of Wyoming's young people. The program has grown considerably from those early days and reaches one in every five youth in our great state. Over 600 clubs create an environment for teaching, learning, and camaraderie. Thousands of adult volunteers give their heart, time, and expertise to foster positive youth development and are rewarded when members make meaningful contributions to their communities.

The possibilities for youth in Wyoming 4-H is limitless. Financial support benefits the program's members through awards, scholarships, opportunities to travel, and educational programming. With the funds obtained we are able to recognize youth for their accomplishments, provide teaching materials needed by volunteers, and open doors beyond our borders. A special thanks to those who have made all of this possible.
