

Park County 4-H Council Meeting  
Tuesday, January 15, 2019  
Grizzly Room of the Library in Cody, Wyoming

Board of Directors Present: President Pete Foley, Vice President Angie Erickson, Treasurer Heather Morrison, Cody Member at Large Tiger McNeil, Powell Member at Large Travis Mehling, and 4-H Educator Tycee Mohler.  
General Membership Present:

Meeting began at 6:50 PM

Board of Directors agreed they liked the hybrid method that was suggested during the listening session. The council could have four face-to-face meetings each year with the remaining ones being conducted via conference calls. They can ease into using committees to plan the bigger events in the county like The Big Event, Achievement, etc.

The board of directors like the idea of inviting leaders and members – possibly clubs could take turns being the guest of honor at meetings. This would help clubs become familiar with the Council, as many leaders and members are not aware of it.

The volunteers would indicated they would be willing to serve on the council will be contacted as to what position they are willing to serve in, and a ballot will be sent out next week. It was discussed to add a communication coordinator position.

4-H Educator Tycee Mohler asked if club packets were received in the mail. Angie and Heather indicated they had received theirs. Angie suggested receiving them in a Word document or PDF format to fill out on the computer and to get them at the beginning of the 4-H year to fill out as the year goes on.

It was suggested a few times in the listening session to have club leaders meet to share do's and do not's, what works best for their club, etc. Possibly county fair would be an option since most are there and not another trip.

Respectfully Submitted,

*Angela K. Erickson*

Angie Erickson, Vice President
