Italy/France

Be sure to Mackenzie Ray about her experience to Italy and France this summer with 4-H! These 4-H members had an amazing time!

Be watching for next years opportunity!

My Favorite Experience

Wyoming 4-H Ag in Italy and France 2025

Mackenzie Ray - Washakie County
 "When we were asking around looking at the different equipment used and I thought it was really cool to learn how the UV rays and the different lighting on the apples is why some apples are more red than others. I also learned that apples are very delicate and have to be processed through water.
 The picture of all the Wyoming kids that went on this trip as well as the type of clothing we had to wear at the visit plant and we learned that in America it is legal to keep the calves in what is called a cage where as in Italy it is illegal we also learned that in America we call barbs just barbs and there they call them sheds."

Tag Thompson - Park County
 "People say a picture is worth a thousand words, and these 2 pictures certainly say more. All the close up with the orange blossom was close to earth and tonight we and the rest of the tour group the whole trip and overall of our production such as they pick over 100,000 shares with limited tools and within a month.
 The playground to most people probably looks like a normal playground but to me it's so much more than that. It's a place where me and Janna kids from Colorado would play and talk and grow to be such a close connection that I feel if I ever need anything or everything the world drops it on feet to help or assist. The other thing that connection has is on a leadership level, such as in 4-H. If ever need advice that they might have, they share it no matter what. Thank you very much to my close friends for a long time."

Jessie Despain - Albany County
 "At the fruit orchard that we went to where we got to try cherries and different types of fruits and it was just being able to see how they all grow and how the help figure out to keep the bugs away from all the fruits to keep the fruits safer.
 Trying the different cheeses and being able to taste them and learn more about them. The picture of some Wyoming and Colorado kids after we had just first met them at a museum, and it was just cool to meet new people!"

Fair to Fork

Calling all Wyoming 4-H and Wyoming FFA Association members! Sources of high-quality protein are notoriously expensive and difficult to procure for local anti-hunger organizations. Fair to Fork will purchase secondary hogs through a lottery selection from every county in Wyoming. Wyoming Hunger Initiative will purchase the pig, ensure the meat is processed by a USDA or state-inspected participating facility, and then coordinate with the 4-H or FFA member to donate it to a local anti-hunger organization in the county of origin.
