Great Beer Begins with Great Barley

Since 1873, Adolph Coors Company has recognized barley as the single most important solid ingredient in our beer. That's because the barley we use controls the quality of our products. And that's why we're so selective about the barley we purchase.

MOLSONCoors would like to thank Wyoming barley growers for upholding our commitment to quality by providing us with fine ingredients.

Thank you for your part in our continued success.

VEGETABLES

The following information will aid exhibitors in preparing vegetables for exhibit.

ASPARAGUS - Should be fresh, tender and firm, with close compact tips. The stalks should be green for almost it's entire length, taper uniformly, the same at the butt, and be the same length.

BEANS, SNAP - Green and wax beans should be clean, firm, crisp, and free from blemishes. Long, straight pods of the same length and color should be selected. The ends of the pods should not be broken off, and the seed should be about one-half grown.

BEANS, LIMA - Lima bean pods should be well filled, clean, fresh and of a dark green color. They should be uniform in color, shape and size.

BEETS, TABLE - Diameter should be 2 to 2 ½ inches. Side rootlets should be removed, but tap root should not be removed. All specimens should be uniform in color, shape and size. Tops trimmed, leaving 1 inch of leaf stock above crown.

BROCCOLI - Heads should be uniform in dark green color, condition and size. Should be compact, not less than 3 inches in diameter, and free from damage by disease, insects, worms or wilting. Cut the stems squarely above the first whorl of leaves to give an overall length of 5 inches.

BRUSSEL SPROUTS - All the heads should be firm, compact, fresh, a good green color, and uniform in shape and size. Heads not less than 1 inch in diameter are desired. Stems should be smoothly trimmed to ½ inch.

CABBAGE - Heads should be the same variety, uniform in color, shape and size. Should be firm, heavy in comparison to size, free from damage by freezing, diseases, or insects. Midribs should not be large, and the leaves should not be trimmed too closely. Leave stem 1/4 inch long to hold leaves firmly.

CARROTS - Select carrots that are smooth, straight, firm, deep orange in color, and free from greening at the top. Specimens should be typical of their variety. Avoid oversize. Should be free from side roots, cracks or other damage. Cut off tops to 1 inch.

CAULIFLOWER - Heads should be pure white, solid, uniform and close flowered. Should not have leaves appearing through the head. Trim the green outer leaves to 1 inch above the head. Trim the butt or stem to allow 4 to 6 leaves to remain.

CELERY - Should be uniform in color and size. Trim off outside stalks until color is uniform. The heart, which is made up of stocky inner branches should be well developed. The outer leaves should be crisp, free from prominent ribs, splits, and damage by disease and insects. Wash the plant until it is clean. Trim the root to a triangle shape not over 1 inch long. Exhibit should be commercially prepared.

CITRON MELON - Uniform in color, shape and size. Rind healthy, clean without blemishes, as judging is based nearly entirely on the condition of the rind and not the flesh. Trim stem to 1 inch.

CORN, SWEET - Ears should be well formed and filled out to tip, free from any kind of injury. Kernels should be soft, tender and filled with thick opaque milky juice. Uniform in size. Should be husked and trimmed for judging. Free of silks. The shank should be trimmed to 1/4 inch from the base of the cob. The tip of the ear may be neatly clipped, although only a small portion of the cob should be removed, not over ½ inch.

CUCUMBERS, PICKLING - Avoid oversize. Same variety, uniform in color, shape and size, not more than 1 1/4 inches in diameter and not more than 4 inches long. Fairly straight, with blunt ends. Clean by gently brushing with a soft brush to avoid removing the spines. Trim stems to 1/4 inch.

CUCUMBERS, SLICING - Straight, firm, uniform in color, shape and size, same variety. Not overgrown, but should be uniformly medium or dark green 6 to 9 inches long. Clean by gently brushing with a soft brush to avoid reducing the natural bloom. Cut the stem off to 1/4 inch.

DEPARTMENT I — OPEN CLASS FLORICULTURE

ALL EXHIBITORS WILL ABIDE BY ALL APPLICABLE RULES AND REGULATIONS OF THE WASHAKIE COUNTY FAIR. PLEASE SEE GENERAL RULES AT THE BEGINNING OF THE PREMIUM LIST, AS WELL AS SPECIFIC DEPARTMENT RULES.

Anyone in the County is invited to exhibit flowers they have grown.

Entries must arrive between 5 PM and 6 PM on Tuesday or Wednesday 9 AM to 11:30. All entries must be in place by 11:30 on Wednesday. Exhibits must remain at the Fair until 8 AM Sunday. Any items left after 2 PM will be removed from the building. Refer to EXHIBIT INFORMATION in the front of this book.

CONTAINERS WILL BE SUPPLIED FOR ALL CUT FLOWERS.

The superintendent in charge of this department shall have the right to remove from the display, at any time, exhibits or parts of exhibits which become unsightly.

Unless otherwise specified, all flowers exhibited must be grown by the exhibitor. Potted plants must be in the possession of the exhibitors for at least 90 days prior to the Fair exhibit. Cut flowers must be shown with foliage, if naturally attached to specimen. Remove leaves that would be under water. No leaf dressing of any kind is acceptable.

IMPORTANT INSTRUCTIONS TO EXHIBITORS: Select flowers that are coming into full bloom - NOT flowers that are already in full bloom.

If a flower is to remain fresh throughout the exhibit period, it should be cut no sooner than the day before it is to be exhibited. It is generally recognized that afternoon - especially cutting in the late afternoon, when the greatest amount of sugar has ascended into the leaves and bloom - as well as "hardening off" process will help ensure a winning entry.

Flower stems should be cut cleanly at an angle with a sharp knife or pruning shears and plunged into deep hot water: 110 degrees Fahrenheit is ideal. It is a good practice to carry a bucket of water to the garden and to place each cut specimen in the water at once. For Dahlias, Sunflowers and Hollyhocks it is suggested that immediately after picking, dip the stem in boiling water or sear over gas flame, this will keep the dahlia, sunflower or hollyhock from wilting.

Following cutting and hot water treatment, specimens should be placed in a cool, darkened room. After several hours, when the water has come to room temperature, add ice to the water and leave the flower material undisturbed overnight. Flowers prepared in this way improve their substance and will hold their freshness longer. Check for and remove insects.

DEFINITIONS: CUT FLOWERS, ROSES, DAHLIAS and GLADIOLUS

Bloom: one individual flower

Spike: several flowers on a long stem (example: Gladiolus)

Spray: single stem with terminal buds or flowers and two or more auxiliary buds, flowers or foliage.

Stem: main ascending part of a plant - not over 18 inches.

NOTE: some kinds of flowers have several blossoms on one stem, others only one. The idea of limiting the number of stems has been inaugurated so that the exhibits will not be too crowded. Do not crowd flowers so that some of the foliage cannot be seen. Use your own judgement, but try to conform to the rules to help the committee in charge of the show. **NO FOREIGN FOLIAGE SHOULD APPEAR IN SINGLE VARIETY DISPLAYS.**

Exhibitors may make only ONE (1) entry in a class except where noted *, **limited to 3**. If worthy, all entries will receive a ribbon and premium (Danish System) . Department Superintendent may make additional classes.

3. The exhibits must be the result of the 4-H/FFA Member's project during the current club year.
4. 4-H/FFA exhibits are placed as judged using the Danish system of recognition (purple, blue, red, white). Additional awards or recognition are available pending donor support.

ENTRIES OF EXHIBITS IN THE 4-H CLUB DEPARTMENT

Information regarding specific entries for exhibit will be found under specific division headings.

ALL EXHIBITORS WILL ABIDE BY ALL APPLICABLE RULES AND REGULATIONS OF THE WASHAKIE COUNTY FAIR. PLEASE SEE GENERAL RULES AT THE BEGINNING OF THE PREMIUM LIST, AS WELL AS SPECIFIC DEPARTMENT RULES.

GENERAL INFORMATION

4-H/FFA members must pre enter their exhibits online. Entries are due before midnight, Friday, July 10.

NO LATE ENTRIES WILL BE ACCEPTED.

Entries to be completed online at <http://washakiecountyfair.fairentry.com>

All entries should have a Learning Statement attached to your entry. Points to consider may include: process, tools used, skills learned, goals achieved, additional help from others. If exhibit is sent to State Fair, the Learning Statement may help the judge when assigning a ribbon placing.

Posters, pictures, artwork and photography should come with a method for hanging them on hooks attached to pegboards. If items cannot be hung, they will be displayed on the floor or a table. Display boards or poster boards must be able to stand on their own on a table or floor.

Fair management is not responsible for missing or broken items.

Exhibits must be in place by 4 PM on Entry Day, unless otherwise designated. Exhibits must be left until Release Time. See Schedule of Events at the beginning of this book for release times.

4-H/FFA Premiums will be paid ONLY on completion of projects, including completion of record books. This means a completed project page for each project entered in the county fair.

Any exhibitor wishing early release for any exhibit must send a written request to the Washakie County Fair Board to have such a request considered. (Send to Box 451 or bring to the Fair office prior to July 14.)

LIVESTOCK EXHIBITS - SPECIAL RULES

Please see "ANIMAL HEALTH RULES" at the front of this book (white pages) under General Rules. Club members must have had their market beef by February 1, their market sheep, swine and goats by May 15, their horses and dogs by June 1, and all other animals by June 1 of the current year.

CRUELTY TO ANIMALS WILL NOT BE TOLERATED ON THE WASHAKIE COUNTY FAIRGROUNDS. NO DOGS WILL BE ALLOWED IN THE LIVESTOCK AREA.

All market animals shown must be properly tagged with designated Wyoming State Fair ear tags. Market animals not having the proper tags in place will not be eligible to show. Sheep and Goats must have USDA/APHIS Scrapie Tags.

If youth are in 4-H and FFA, animals must be designated which organization each specific animal will be shown in. The same animal may not be shown in both organizations.

Bedding of straw or shavings is required in all pens and under rabbit and poultry cages.

YOUTH ANIMAL CARE/FITTING POLICY: Youth exhibitors must accompany, care for and exhibit their own livestock at the Washakie County Fair. A youth member is expected to take care to groom/fit

their own animal at the Washakie County Fair. However, in the interest of safety and education, a youth member may be assisted by immediate family, or current or past 4-H and FFA leaders or members.

- Assistance is defined as a learning situation where the person assisting is demonstrating the youth member a technique, in fitting or showing. This person is allowed to show the youth member the proper skill or techniques, but the youth member is expected to perform the majority of each technique or skill required with safety in mind.

- Violations of this rule must be reported to the Show Superintendent before the animal enters the ring. A decision by the superintendent/fairboard will be made before the animal is allowed to enter the ring.

- If the youth member is found to be in violation of the fitting policy, he or she may be disqualified from competition in any youth division at the Washakie County Fair, including showmanship.

During official class judging, only the exhibitor will be allowed in the show ring. **In Showmanship Classes, exhibitors must show their own animal, with no substitution of an animal or exhibitor.** In case of sickness or other emergency, an animal may be shown by a substitute exhibitor, providing the substitute is a current Wyoming 4-H or FFA member and the Show Superintendent grants permission.

Each youth member having livestock for show is required to keep their display area clean and have stalls and pens orderly at all times.

Fitting in assigned and designated areas only. No sale racks or show rails permitted in fitting areas.

No muzzles of any type will be allowed on the livestock unless approved by the Superintendents.

Only animals underweight may be re-weighed at the designated time.

Unsportsmanlike conduct will not be tolerated and offending exhibitors could forfeit premiums and may be dismissed from the fairgrounds.

Animals may be shown in ONLY ONE CLASS.

All 4-H/FFA Livestock will be exhibited at the Washakie County Fairgrounds. Livestock must be pre-entered online as stipulated under General Information pre-entry dates. Livestock stalls, pens and tie outs are assigned by the Superintendents. These are not to be changed unless approved by the superintendent.

NOTE: All market animals to be sold at the Junior Livestock Sale must be exhibited and cared for by the owners. All other animals, regardless of breed, type or species must be cared for and exhibited by the owner.

FAMILY ANIMAL RULING – The purpose of the family animal is for hardship cases. Each family (same mailing address) may designate one animal, per species, as a family animal during official tagging dates. The animal may be tagged and designated for all members of the family and must follow county fair deadlines. At weigh-in during county fair, the family can designate which child that animal is to be assigned to permanently (animal may be assigned as 4-H or FFA at that time). This animal is eligible to sell at the Junior Livestock Sale, and is eligible for state fair. All other rules still apply to the family animal (tagging dates, weights, ownership, etc).

JUNIOR LIVESTOCK SALE

The scales at the Fairgrounds are certified scales, weight for show animals will be determined at entry. Animals may not sell at the Junior Livestock Sale if they have not been shown as market animals in the Washakie County Fair. Animals sold at the Junior Livestock Sale must be presented for sale by their exhibiting owner. Members selling animals must have a bill of sale from the person they purchased their animal from to present to the brand inspector. This bill of sale must be turned in at the time the animal is entered and weighed in.

Buyers - please note that there will be a special paper passed to you during the sale in order for you to denote the destination of the animal purchased - you will not be asked publicly the destination of the animal. This is to enable more recognition for the buyer and the generous participation of those involved and less emphasis on the final destination of the animal.

Any youth with grand and reserve champion animals at the Washakie County Fair will have the privilege to sell. Youth must sell that animal if they are planning to sell an animal in that species. The youth will not be allowed to sell a lower placing animal in that particular species. If the youth has Grand and Reserve Champion in the same species, the youth may choose which of those to sell. If the member chooses not to sell their grand or reserve champion animal, they forfeit their right to sell a replacement species, regardless if in the 4-H or FFA program (within their species). Those youth with grand and reserve animals will also have the privilege to choose their lot number in the sale order within the first round of exhibitors. If the exhibitor fails to notify the sale committee by Friday at noon (week of county fair) they will be assigned a lot number by the sale committee.

Any youth planning to sell livestock at the Junior Livestock Sale must complete a quality assurance requirement and sign (along with a parent) the Junior Livestock Sale Rules and Agreement (copy located in back of fair book) by the fair online entry day deadline.

4. Classes 12-19 will be judged according to AKC standards, but it is not necessary that dogs be registered; they must be purebred (both animal parents of the same breed).
5. Classes 20-21 are for crossbred dogs – parents of different breeds and will be judged according to the predominant breed characteristics and/or soundness, gait, condition, and grooming.
6. Before entering your dog, check the list of breeds that are eligible for each group. It can be found online at <http://Wyoming4H.org> under the dog link of the projects tab.

Washakie County Fair

Junior Livestock Sale Rules and Agreement

Please return your sale agreement to the Washakie County Extension Office by fair entry deadline.
Washakie County Junior Livestock Sale Procedure and Rules – Seller's Responsibilities

- ✓ I will honor the sales contract and agree to fully indemnify the Washakie County Junior Livestock Sale Committee for any claims or losses.
- ✓ I understand that this activity has some inherent risk. I take responsibility for that risk. I release the Washakie County Fair, Washakie County 4-H, Chief Washakie FFA, Ten Sleep FFA, Worland Middle School FFA and the Washakie County Junior Livestock Sale Committee from any and all liability from any injury to person or damage to property that may occur.
- ✓ Only 4-H and FFA members, that are in good standing and have met show requirements for their respective animals are permitted to consign the exhibited market animal. There will be a limit of one animal per species with a total limit of two species per member permitted in the sale.
- ✓ Youth who wish to sell an animal at the Junior Livestock Sale must have completed the Livestock Quality Assurance appropriate level for their age by June 30 in order to sell.
- ✓ No underweight animals will be sold. Overweight animals may be sold, but youth will only receive payment for the posted maximum weight for that species. See market animal weights in the Washakie County Fair Premium Book.
- ✓ I certify that my animal(s) has NOT been administered any non-approved biological agents as per USDA regulations which state "all meat producing livestock must be withheld for the appropriate withdrawal time after inoculation with any biological agent." (Including fly sprays and restricted feeds). Beef and sheep have not been fed any ruminant derived protein feeds.
- ✓ I understand that all Junior Livestock Sale animals are subject to random drug testing.
- ✓ I understand that ear tag numbers presented for delivery must match that of the animal sold in the sale ring.
- ✓ I am responsible for the proper feeding and care of the animal (s) until delivery to the buyer or designated processor. It is the youth's responsibility to make arrangements with the buyer's choice of a processor for delivery. Upon delivering your animal to the processor, have them sign the sale voucher which can be picked up at the sale. You must bring the sale voucher along with your thank you note to the Washakie County Extension Office to receive your check.
- ✓ Youth selling livestock will not receive payment on sale day. Sale animals bought for slaughter must be taken home by the member and brought back to the processor. Make an appointment with the processor for delivery.
- ✓ I understand insurance on my animals is optional but encouraged and that if my sale animal dies before delivery to the buyer, I will forfeit funds from the sale of this animal, if an agreement cannot be made with buyer for a replacement. I will notify the Junior Livestock Sale Committee immediately in the case of the death of one of my sale animals.
- ✓ I have provided necessary forms to the Brand Inspector for beef and sheep.
- ✓ All animals will be weighed at the beginning of fair during scheduled weigh-in times and this will be the weight they show and sell at.
- ✓ The Junior Livestock Sale Committee will withhold 6% of all the proceeds derived from the Junior Livestock Sale for pre-sale publicity and buyer recognition. However, if the youth participate in the Sale Promotion week prior to county fair (dates preassigned each year and adheres to all sale promotion participation requirements, listed in 4-H/FFA newsletters) the sale commission will drop to 3%.
- ✓ Any youth with grand and reserve champion animals at the Washakie County Fair will have the privilege to sell. Youth must sell that animal if they are planning to sell an animal in that species. The youth will not be allowed to sell a lower placing animal in that particular species. If the youth has Grand and Reserve Champion in the same species, the youth may choose which of those to sell. If the member chooses not to sell their grand or reserve champion animal, they forfeit their right to sell a replacement species, regardless if in the 4-H or FFA program. Those youth with grand and reserve animals will also have the privilege to choose their lot number (within their species) in the sale order within the first round of exhibitors. If the exhibitor fails

to notify the sale committee by Friday at 12pm (week of county fair) they will be assigned a lot number by the sale committee.

- ✓ A record book must be completed and turned in by September 15 for each and every species of animals sold at the Junior Livestock Sale. Failure to do so will cause the member to lose all sale privileges for all species for the next year (for one year). Youth may regain sale privileges the following year. Failure to turn in record books again will result in permanent loss of sale privileges for all species (for all remaining years in 4-H/FFA).

We would like to remind you that it is a PRIVILEGE to sell in the Washakie County Junior Livestock Sale, not a right.

If my animal (s) is reserved for State Fair:

- ✓ I will take the animal (s) home after the Washakie County Fair.
- ✓ I am responsible for the proper feeding and care of the animal (s) until delivery to the buyer or designated processor.
- ✓ I will make arrangements to deliver live animal(s) to the buyer no later than the Monday after the Wyoming State Fair.

I agree to abide by all conditions of the sale as noted in the Washakie County Fair Premium Book and above mentioned rules and have read and received a copy of this sale agreement prior to the sale. Failure to meet these requirements will result in losing sale privileges.

A photograph of three cows in a barn stall. The stall is made of light-colored wooden planks and is filled with yellow straw. On the left, a grey cow's head is visible. In the center, a black cow with a white blaze on its face and a yellow ear tag looks forward. On the right, a brown cow with a blue collar looks towards the camera. The background shows the wooden structure of the barn and a small light fixture.
